

Earth Day coloring contest

Ages 0-4

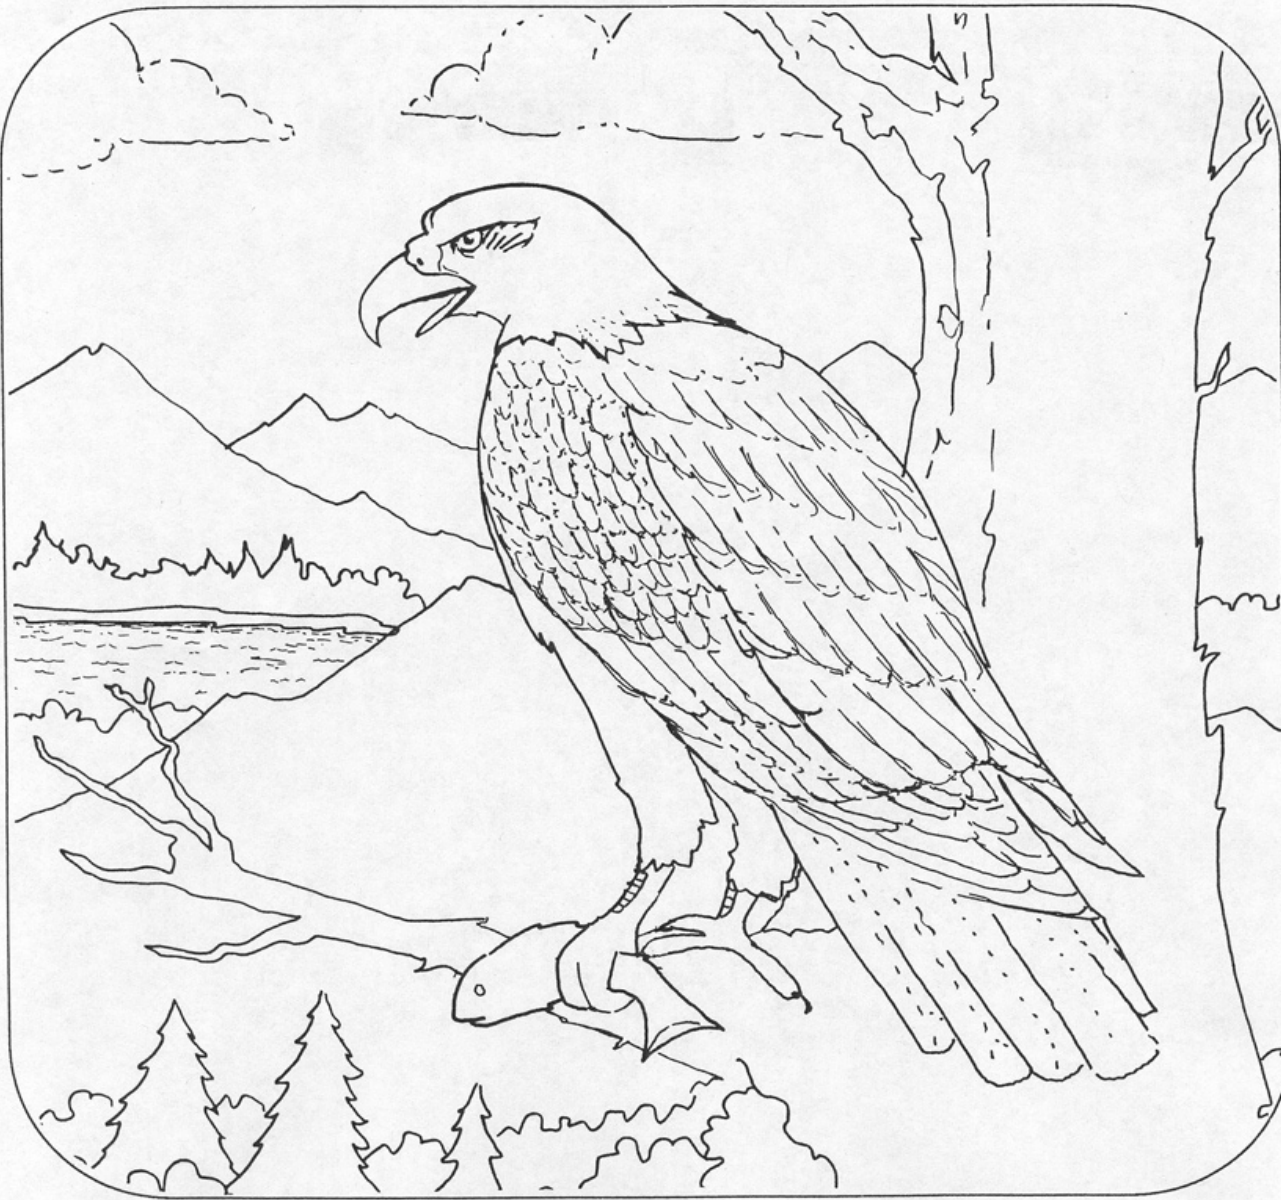

Ages 5-8

Ages 9-12

There are many things you kids can do in your own home to help save the earth. Recycling or "using again" is a good way to do your part.

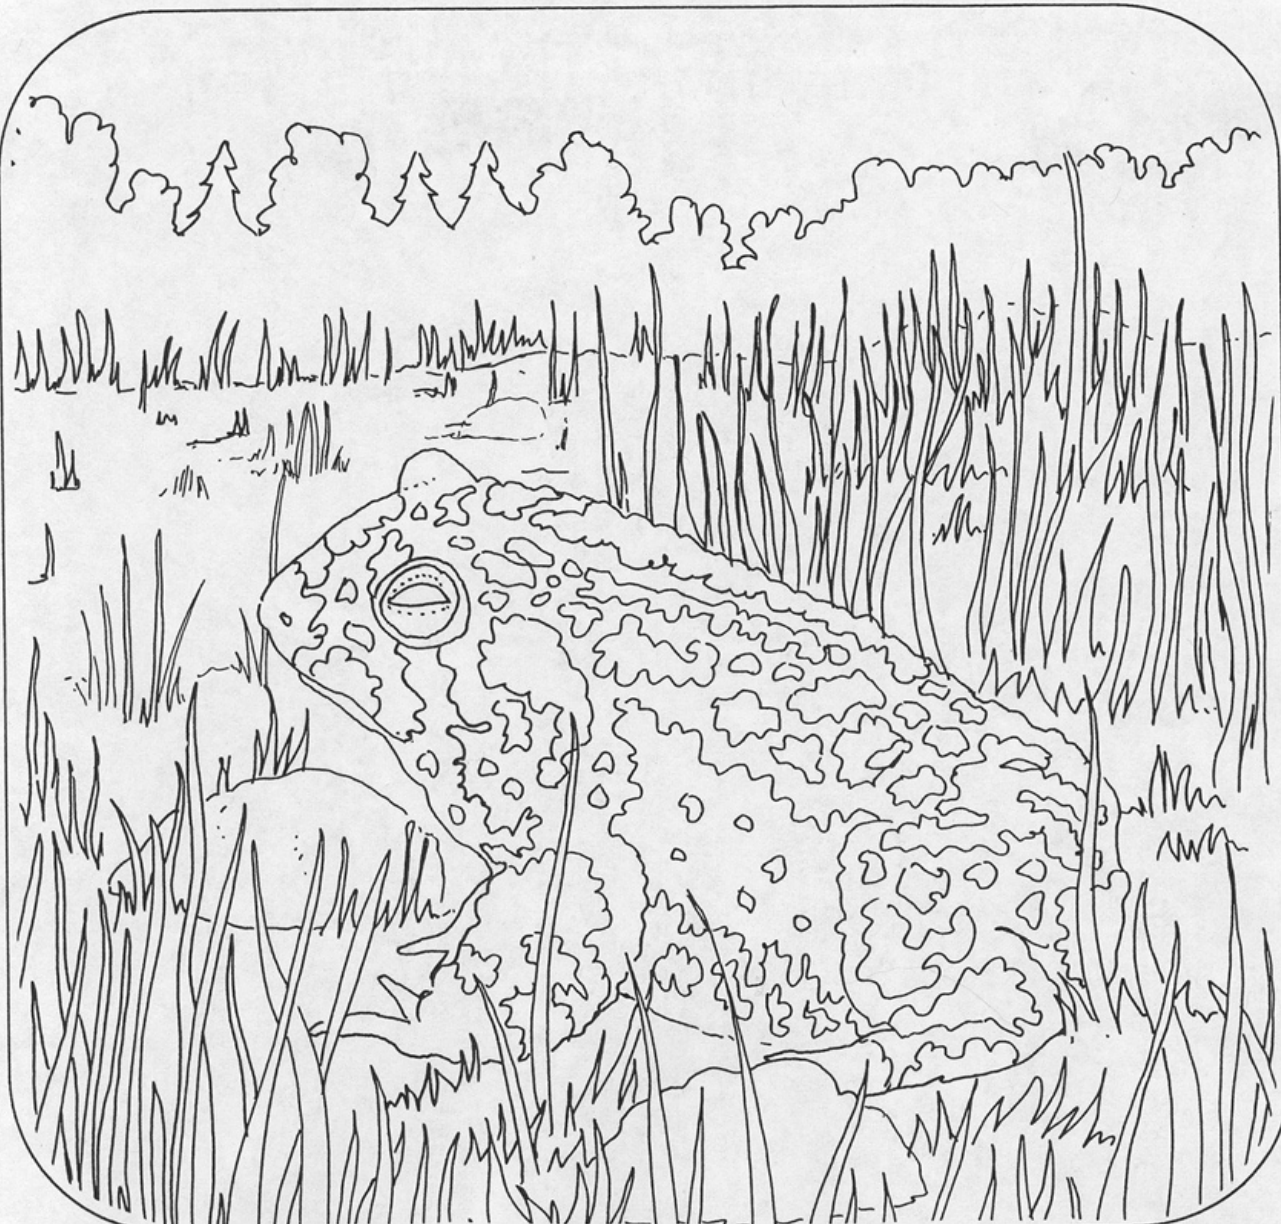

Many items can be recycled: cans, glass jars, plastic bottles and newspapers.

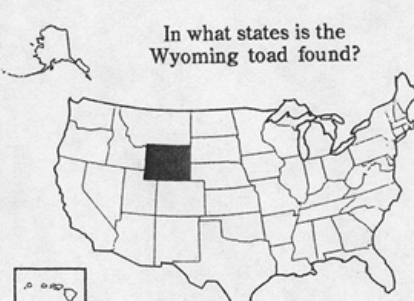

The bald eagle is our national symbol. Its eyesight is so good that it can spot a fish from more than a mile away. It is so fast that it can swoop down through the air at 100 miles an hour to catch this tasty meal with its strong claws.

In what states is the bald eagle found?

The Wyoming toad has green skin with dark blotches. This coloring helps it blend into the grass and hide from animals that might want to eat it, like raccoons and gulls. These toads have lived in Wyoming a long time—since the great glaciers of the Ice Age disappeared more than 12,000 years ago!

In what states is the Wyoming toad found?

The 90th Civil Engineer squadron invites Warren children to enter the Earth Day coloring contest. Winners in each age category will receive a prize. Contest entries must be submitted to the environmental booth at the base exchange no later than 1 p.m. April 22.
